## EDUCATION

### Bachelor's in Computer Sciences

Bahria University Lahore

02/2019 - 01/2023

Lahore

### Intermediate

Punjab College of Sciences

09/2016 - 04/2018

## WORK EXPERIENCE

### Associate Data Scientist

Programmer's Force Pvt. Ltd.

05/2023 - Present

Software Company

#### Tasks:

- Proficient in data collection, cleaning, and analysis using SQL, Python, and machine learning algorithms.
- Trained a machine learning model to enhance credit card fraud detection using advanced velocity rules, improving accuracy and efficiency.
- Developed and trained a TensorFlow model for face spoofing attack detection and prevention

### Data Analyst

Technocolabs Software Pvt. Ltd.

(Remote)

Software Company

#### Tasks

- Analyze large amounts of data across multiple system platforms
- Performed data wrangling and exploring data analysis.
- Skilled in data visualization and dashboard creation using Power BI.

## Projects

.

#### Tasks:

- "Machine Learning-Enhanced Credit Card Fraud Detection with Advanced Velocity Rules."
- "Sentiment Analysis using LSTM, TensorFlow, and Keras"

## SKILLS

Deep Learning

Python

Machine Learning

Data Analysis

HTML

CSS

Computer Vision

Flask

Ms Excel

Power BI

SQL

Statistical Analysis

AWS

Data visualization

Artificial Intelligence

Git

## PERSONAL PROJECTS

FYP "Virtual Avatar to Try Outfits on E-Commerce Website" Objective: Create a 3D model of a person then create 3D clothes afterward both of them integrate and make a Virtual avatar of a person on an E-Commerce website (02/2022 - 01/2023)

- Scholarship by IGNITE in Final year project

Restaurant Database Management System (07/2020 - 11/2020)

- Semester Project

"Potato Disease Classification using CNN"

- Semester Project

## CERTIFICATES

Online certification in "Introduction to Data Science"- by Simplilearn (06/2022 - 09/2022)

Online certification in "Data Science Course" - by Udemy

## LANGUAGES

English

Professional Working Proficiency

Urdu

Native or Bilingual Proficiency

## INTERESTS

Data Science

Gaming

Crypto
